

## NEWS AND VIEWS . . .

### And What Have You

By BOB CRAIG

Since a good many of you do not read this column until Thursday evening or later (that's assuming that a good many read it at all) we should have covered the following subject last week.

But in case you read this before time for the annual BCD banquet and have not already made plans to attend we would urge you to make every effort to be there. This is a good opportunity to show your appreciation to the many people who have given of their time during the past year to help make Hamlin a better place for you to live.

Since we heard our speaker at a press meeting in Corpus last summer, we can recommend him to you as being someone that you will not want to miss.

It is a rare occasion when someone of Dick Bryan's achievement can be secured as a speaker for our BCD banquet. Needless to say, we are indebted to Goodyear Tire and Rubber Company and Joe Hudspeth's for making this man's services available to us.

As you may have noticed, he is a past president of Lions International and is both a civic and industrial leader.

Another good reason to attend the banquet is to be on hand to honor the Citizens of the Year when they are named. This year we will be honoring both a man and a woman.

And if these are not enough good reasons to attend — then why not just go and spend an evening with your friends and neighbors.

About 15 years ago newspapers across the country started switching their method of printing from letterpress to offset. And during the past five to ten years the trend has increased to the point where there are very few letterpress newspapers left. This is particularly true in the weekly field.

One of the problems in making the switch has been what to do with all of the old equipment that you no longer need. Those who switched first sold a lot of theirs to people who were not ready to make the change. But later it got to the point where most of it was just junked. Some of it you had to pay somebody to haul it off.

Among the many items that were thrown away were old type cases that were no longer needed. Most weeklies that also operated a commercial printing shop, as we do here at the Herald, kept the better cases for the type used in job printing and junked out the rest.

Now that most of these cases have been thrown away we find that there is a big demand for them in antique shops. Understand that they are selling for from \$12 to \$15 each. (And to think we threw away about 20 during the past three or four years).

What really hurts is that we bought two new cases last year for about \$14.00 and threw the old ones away.

We first heard about this demand for type cases in Publisher Jim Cornish's column in The Post Dispatch. It seems that they came to work one morning and found one of their typesets missing and a few weeks later another disappeared. At least who ever took the cases was neat. They very carefully transferred all of the type out of the cases they took and put it in another case. Putting the "a's" in with the "a's" and the "b's" in with the "b's" — and so on.

Both the publisher and his help were mystified as to why anyone would steal a type case. Then one day a lady stopped in the Dispatch office on her way home to Houston and asked if they had "any type cases for sale."

Needless to say they became in-

## Council Adopts Dog Ordinance

The Hamlin City Council has passed a new dog ordinance that regulates the keeping of dogs within the city and provides for a license and tax. The ordinance becomes effective Feb. 1, and tags will be required by Apr. 1. The full text of the ordinance is printed elsewhere in this issue of the Herald.

Beginning in February the city will require that all dogs within the city must be licensed and vaccinated. The annual tax will be \$5.00 on each dog and will be due and payable on the first of January of each year following this first year.

The City Secretary will collect the dog tax and issue a tag on which is stamped the number of the registration and the year for which the tax is paid. This tag must be attached to a collar that is securely fastened around the neck of the dog. The tag can not be issued until the owner furnishes a vaccination certificate issued by a licensed veterinarian.

stating that the dog has been vaccinated against rabies.

The ordinance provides that all dogs within the city must be vaccinated by Apr. 1 of this year and each year thereafter.

The city will either name a Dog Catcher or authorize the Chief of Police to designate someone to act as dog catcher. The dog catcher will be authorized to impound any dog found running at large within the city without a tag or any dog that is found running at large and creating a disturbance with or without a tag.

Creating a disturbance is defined by the ordinance as causing loud noise, destroying property, overturning garbage receptacles or manifesting a disposition to bite, but is not limited to just these problems.

Dogs picked up by the city may be reclaimed by their owners within 72 hours upon the payment of \$2.00 per day. Dogs not claimed at the end of the 72-hour period will be advertised for sale by posting of a notice at City Hall. Dogs not sold at auction will be bought by the city and killed.

The ordinance provides that the dog catcher or any policeman shall have the right to shoot or kill any rabid dog or any dog which shall manifest a disposition to bite.

The ordinance provides for a fine not to exceed \$100.00 for anyone guilty of taking a tag or collar from a dog or violating any provision of this ordinance.

FROM THE FILES . . .

FIFTY YEARS AGO  
(January 26, 1923)  
Hopes were built high for a good rain Saturday and Sunday and even Monday when considerable "spits" of snow fell. But probably if every drop had been measured we would say one-third inch. This at least settled the air for a few days and will probably do some good.  
Early Sunday morning fire was discovered in top of the Cypert residence in the east part of town. The Fire Department responded but the house was too far gone to be saved. Only a few household goods were saved.  
The annual stockholders meeting of the First State Bank was held in the directors room on January 17th to elect directors for the coming year. The bank during last year made over thirty-one-hundred loans, which was principally made to farmers.  
Dog tax tags are now at the City Hall. Your city dog must wear a collar and tag if he stays in town, according to G. F. Britton, City Marshal.

TWENTY YEARS AGO  
(January 30, 1953)  
No clues had been located as to the perpetrators of the burglary last Friday night of the Hamlin Memorial Hospital by Wednesday of this week, according to J. H. Foster, Hamlin police chief. More than \$1,800 in checks taken in the haul were found in a mail deposit box in front of Hamlin post office Sunday morning by a mail clerk. Cash amounting to nearly \$900 was taken in the burglary, which was staged between 7:00 p.m. Friday and 6:30 a.m. Saturday.  
A new-type electric microscope has recently been added to the facilities of the Hamlin High School laboratory. Greatest advantage of the microscope is that a large number of students can view objects at the same time.  
New telephone directories for Hamlin will be distributed by mail next week. The new directories will contain approximately 1,600 alphabetical listings.  
Official cotton ginnings for Jones County for the 1952 season passed the 5,000-bale mark recently as the cotton season was approaching its close. This was some 1,000 bales more than was predicted by most observers early in the season as growers saw their expected yield fade with drouth conditions.  
Hamlin area residents were being reminded this week that Saturday is the last day on which 1953 poll tax payments may be paid.

TEN YEARS AGO  
(January 24, 1963)  
A meeting of the Pony League Ball club will be held Thursday, Jan. 24, in the high school cafeteria to make plans for the forthcoming ball season. All players who are interested are urged to be at the school at 7:30. The fathers are also invited to attend.  
After nearly 50 years of operation in Hamlin, the S. D. McMahon Jewelry Company, has been sold to Gene Knabel of Knabel's Jewelry. The sale was made by Mrs. S. D. McMahon last week. A sale will open this weekend to close-out the inventory and then the major lines will be restocked at his present location at 218 South Central.  
Declining income and rising costs have caught the local school system in a tight squeeze members of the Lions Club were told Tuesday by School Superintendent C. F. Cook. He told the group that the district's tax valuations have shown a steady decline for the past eight years while at the same time the instructional salaries have increased each year.

terested.  
What do you want with a type case, they asked, trying to appear quite casual. She said in Houston they are collectors' items so she was stopping at weekly newspapers on the way home to see if they had any type cases they wanted to sell.  
It seems, she explained, that the type cases are painted attractively and hung on walls to exhibit various collections of one kind or another.  
And then this week Jo Riddle at Mar-Jo's Antiques was telling my wife about what a demand there was for type cases.  
Don't think we have any left around here but we are going to check up at Aspermont to see if we have any left up there that we have not discarded or given away.

Neinda Philosopher Thinks He Has  
Solution to Air Pollution Across Nation

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One tries his hand at solving the air pollution problem this week, more or less.  
Dear editor:  
Having visited several big cities recently on the theory a man ought to get off his own place at least once in a lifetime, I now know what the newspapers are talking about when they report the high levels of air pollution in those places. caused, it has been determined, about 90 percent by automobiles running bumper to bumper through the places.  
By late afternoon the air is so polluted from car exhaust you couldn't, if the situation existed in Hamlin, see the City Hall from the Herald office.  
Officials are now racking their brains trying to find a solution to the problem. The Governor of Massachusetts has even turned down a billion dollars in Federal highway funds and is trying to ban the building of more expressways and parking lots, on the theory I guess that new highways, once they are built, are, like new weapons of war, bound to be used sooner or later.  
One city is even proposing rationing gasoline as the only way to cut down on so much automobile use, not recognizing

I guess that this actually would increase the use of cars as people drove to neighboring cities to stock up on un-rationed gas. Probably the net result would be merely the increase in the sale of barrels.  
I've always contended that cities ought to be built out in the country where there's plenty of fresh air, but I haven't been able to get anybody to listen.  
The only solution I can think of is a massive educational program to convince people to stay where they are. Show them that a hamburger in Hamlin tastes as good as a hamburger in Abilene, that blindfolded you can't tell whether you're eating fried chicken in Boston or Los

Angeles, that once you've mastered it there's no longer any adventure in going through another highway interchange, and that if your tube isn't blown you can go to sleep before the same television programs they go to sleep to in New York.  
I think this is the solution, but I don't think it'll work.  
Yours faithfully,  
J.A.

Spanish Club  
Makes Trip  
The Spanish Club of Hamlin High School went to the Poco Peso Cafeteria in Abilene Saturday for lunch.  
Members included Mike Herd, Gary Hertel, Ricky Crowley, Jim Johnson, Elaine Kelley, DeAndrea Bray, Judy Contreras and Yolanda Solis. Sponsors were Mr. and Mrs. Charles Scott and Mr. and Mrs. B. Newberry.  
Funds from the club's treasury were used for the luncheon.

Ask any boy and he will tell you . . .  
**IT'S A WONDERFUL FEELING**  
When winter is past and most of the spring rains have come and gone, what a joy it is for a boy to go barefoot and feel the warm moist earth oozing up between his toes and the hot sun on his back . . . It's a wonderful feeling — remember?  
If it has been some time since you were in the warm company of like-minded Christians and basked in the warmth and love of God's glory and grace as manifested in His Church, attend this coming Sunday. It's a wonderful feeling to sense that you are in tune with God, your fellow man, and the universe.

The Jr. Varsity won with the final score of 70-48. Larry Mayes was the high guy for the night with 18 points. The Piperettes then fell to their second defeat with the final score of 53-48. The Pipers came on strong with a victory of 55-53 over the Indians. Johnny Jones was the high man with 15 points.

### All G'children Do Not Get S. S. Monies

The 1972 Amendments to the Social Security Act provided that in some cases, grandchildren of retiring, disabled, or deceased persons would be entitled to monthly social security checks.

But, reminds R. R. Tuley, Social Security District Manager in Abilene, for a grandchild to be eligible for social security benefits based on a grandparent's social security record, the following conditions must be met at the time the grandparent dies, or files for retirement or disability benefits:

- (a) Both parents of the child must be either deceased or totally disabled, and
- (b) The grandchild while under 18 must have been living with and supported by the grandparent, or
- (c) The grandchild must be adopted by the surviving grandparent, and neither parent was living with or making regular contributions to child's support at the time of grandparent's death.

January of each year.

SECTION 2. The City  
Secretary shall collect or have  
collected under his supervision  
all dog taxes, and he may  
employ a special officer to be  
known and designated as the  
Dog Catcher, whose duty it shall  
be to carry out the terms and  
provisions of this Ordinance,  
provided further that in the  
event a special officer is not  
employed, then it shall be the

carry out the terms and  
provisions of this Ordinance.

responsible for all moneys  
collected under this Ordinance  
and shall make monthly reports

that such dog or dogs have been  
vaccinated against rabies by  
him.

SECTION 4. All dogs within

or dogs, upon payment to the  
City Secretary, or his duly  
authorized agent, the sum of

or dogs shall be advertised and  
sold or killed in the manner  
provided for in this ordinance.  
It shall be the duty of the City  
Secretary and duly authorized  
Dog Catcher and Chief of Police

Ordinance shall not be ap-  
plicable to dogs following  
countrymen into the city.

penalties as provided by Sec-  
tions 5, 6 and 7 of this Or-  
dinance.

SECTION 9. That any person

deemed guilty of a  
misdemeanor and upon con-  
viction shall be fined in any sum  
not to exceed \$100.00.

SECTION 10. Any person  
violating any provision of this  
Ordinance shall be deemed  
guilty of a misdemeanor and  
upon conviction shall be fined in

of this Ordinance or the ap-  
plication thereof to any person
